FAT DEFEATING EXTRAORDINARY.

MARGARET KNOLLY

SLENDER Margaret Knolly, now, it you please. The fascinating leading lady of the Bijou, now more fascinating than ever, astonished all her friends on Broadway the other day by presenting to their admiring gaze a well and willowy form in place of the plump, not to say fat, outlines with which she gaily sallied away to new triumphs and foreign shores last January. After a good deal of diplomatic cross examination from interested fat acquaintances the secret was cautiously whispered to a few dear friends, with the result that everybody knows it now. It was not exercise, nor fasting, nor sea air, nor worry about her new venture that had brought about this wonderful willowy change in the charming Margaret; no, none of these; nothing but a simple mixture which all good druggists are familiar with and can supply at small cost, to wit: One-half ounce Marmola, one-half ounce Fluid Extract Cascara Aromatic, and three and one-half ounces Peppermint Water. "Grown folks need a teaspoonful after meals and at bedtime," explained the now slender Margaret. "It is simply wonderful. It takes off the fat quickly, as much as a pound a day, and keeps it off. You can eat what you like, too. In that respect it is unlike anything of the kind I ever heard of, and besides it has another splendid feature—it is entirely harmless, and will not cause wrinkles. I think it is about as essential a toilet article for a woman who is fat and wants to thinner as face powder. In order to get the best results, however, you should buy the Marmola in the original package and mix it in with the other two ingredients after you get home."

Pains Gone

The Right Medicine

For weak women, who suffer from women's ills, there is a certain, standard medicine of proven merit—CARDUI, the woman's tonic. This great medicine has been helping sick women for more than half a century, and has come to be recognized as the standard, successful remedy for woman's troubles.

Letters reach us from all over the country, from women who have used CARDUI. Note this letter from Mrs. Nellie Duncan, 1917 So. 11th St., St. Joseph, Mo. She writes: "If it will help some other woman, I am glad to send you my testimony about CARDUI. I had never been well since I came to womanhood, and suffered with female trouble until I could scarcely get around. Four bottles of CARDUI have done me more good than \$25.00 of doctoring. I feel fine and don't have that awful pain in my head and side. I can't praise the CARDUI Home Treatment enough."

CARDUI is a specific medicine for women's ills. It is a strengthening tonic for weak, worn-out women. Try it and get well and strong. At all druggists.
